

Public meetings – meeting people

Come to the City hall monday at 19:00

Meet the citizens out in the streets!

The screenshot shows the website for Region Skåne. The header is red with the logo and name. A navigation menu includes: Hem, Hälsa och vård, Kollektivtrafik, Kultur, Framtid och utveckling, Politik och organisation, and Kontakt. The breadcrumb trail is: ... / Politik och påverkan / Så kan du påverka / Medborgardialog. A left sidebar menu lists various categories, with 'Medborgardialog' highlighted. The main content area features a photo of a 'Medborgardialog' event with a red sign that says 'TÄVLING! Vinn fina priser!'. Below the photo are accessibility options: Lättläst, Teckenspråk, Lyssna, and Skriv ut. The title is 'Medborgardialog' and the text explains that Region Skåne needs citizens' input to make decisions for the future. It also mentions that citizens can influence the development of healthcare and public transport through discussions on topics like health and climate. At the bottom, it states that Region Skåne offers the dialog in multiple ways.

Go to places where citizens already are!
